

*NOVEMBER 29, 2010*

J.B. Drori

Most cannot claim  
The month of November  
For their own.

Fewer could speak  
Of its twenty-ninth day  
With pomp and authority.

Still fewer would  
Hoist their banner  
Conjointly with others.

And how many could charge  
The world to also mark the birth  
Of a new/old nation - Yisrael - on that day?

Therefore, I say to you,  
Fellow Sagittarius,  
Aim your arrow true and high,

For the target is always  
Beyond our vision,  
And forever shrouded in illusion.
