

*THE INEFFABLE*

J.B. Drori

If God not be,  
Nor Orion,  
Or Alpha Centauri;

And if the “whirlwind”  
Had revealed to Job  
The ineffable mystery of the cosmos,

Would we be still seeking  
To make sense  
Of the senseless?

But if God be not,  
Then no man has ever  
Kissed a woman,

And I have never  
Held a newborn  
In my arms.
